

JBS Australia

Northern Division

New administration facility

JBS Australia is a division of JBS, Brazil's largest multinational in the food sector, and the world's largest meat company. JBS is Australia's largest beef processor and one of the country's largest lamb processors.

JBS had outgrown their existing office space and saw the new facility as an opportunity to consolidate teams from multiple sites and locations.

 Dinmore, Queensland
 Design and construction

Project scope

This administration facility included administration offices, collaborative meeting spaces, private meeting rooms, an event centre with commercial kitchens, amenities, carpark, landscaping and complex services.

The new administration facility is designed to assimilate with the other buildings on site, with the JBS signature 'curved roofing' frontage.

The facility features:

- An acoustically engineered open plan workspace providing a calming environment
- Soundproofed meeting rooms to provide confidentiality and privacy
- Break-out spaces for informal meetings and to foster a culture of working in teams
- A food-licenced commercial kitchen offering breakfast and lunch service and the capability to host large functions
- External BBQ/cooking area to showcase JBS products
- Amenities, furniture, fittings and equipment
- Staff and visitor carparking

Business value to client

The new head office administration facility provides JBS team members with an open plan office space and larger, more flexible meeting spaces.

This JBS commercial facility has the capacity to cater for up to 200 staff or visitors, in their internal and external dining spaces.

Partners and consultants

Donewright Stainless | Nautical Roofing | Terazzo Concrete Construction | Fitout Glass & Aluminium | Specfurn Commercial Furniture | CV Services Group | Brisbane Air | A.C. Rigging & Steel

We have worked with JBS over many years and we are excited to see this new development come to life. At Wiley we love open collaborative, future-focused work-spaces and we are really happy to have helped create one for JBS.
